

During the eFORCE Users Conference your agency is given the chance to schedule a brief one on one break out session with the executive council of eFORCE Software.

eFORCE Breakout Sessions are on a first come, first serve basis. We will try to accommodate everyone wishing to participate, but times may vary due to the demand of scheduling. If you are planning on attending the eFORCE Users Conference and would like to schedule your break out session, contact us soon to reserve your spot.

### ***What is a Breakout Session?***

A break out session is a chance for your agency's system administrators to sit down with the executive council and let us know your thoughts about eFORCE Software.

### ***Is a Breakout Session really that important?***

Yes! A big part of the features our software contains comes from customer feedback, so we'd love to hear how your agency is using eFORCE Software.

### ***When is a good time to schedule my Breakout Session?***

We have attached an agenda of the Users Conference. If there is a class on the agenda that does not pertain to your agency that would be a good time to schedule your break out session.

### ***How do I schedule a Breakout Session?***
