EFFICIENCY ON THE MOVE: ENHANCING LAW ENFORCEMENT
WITH EFORCE® E-CITATIONS

In today's law enforcement, being proactive and community-focused is crucial. However, clunky systems often hinder officers from effectively interdicting criminals. EFORCE® E-Citations streamlines ticketing, allowing officers to focus on core tasks, like enhancing traffic safety and fostering community engagement. With automated workflows and NLETS/NCIC integration, EFORCE® E-Citations boosts efficiency during traffic stops, contributing to safer communities and stronger police-community relationships.

Key Features:

Enhances Patrol Efficiency:
EFORCE® ticketing software complements traditional methods, streamlining the citation process without solely relying on computer or handwritten tickets.

Integration with NLETS/NCIC:
EFORCE® E-Citations ensures compliance with state regulations and enables automatic submission of citation data to state databases, promoting transparency and accountability in law enforcement practices, including biased policing reporting such as racial profiling.

Time and Cost Savings:
By automating the ticketing process, EFORCE® E-Citations saves officers time and reduces costs associated with manual data entry and processing.

User-Friendly Interface:
Our software provides a streamlined experience for officers, ensuring quick and efficient citations, allowing you to get back to what matters.

E FORCE

Focuses on Real Priorities:
EFORCE® E-Citations prioritizes the core objectives of traffic stops, rather than spending the majority of the time writing tickets.

WHY CHOOSE ⬡ FORCE ?

Proven Excellence

Trusted by agencies both large and small, EFORCE® Software has a track record of delivering exceptional dispatch management solutions.

Scalable Solutions

Our software system is scalable to accommodate the evolving needs of your agency. Grow seamlessly without compromising efficiency.

Dedicated Support

Experience unmatched customer support and ongoing training to ensure that your agency maximizes the potential of EFORCE®.

Optimize your software operations with EFORCE® Software – the leading choice for law enforcement agencies.
